AMBASSADORS FOR CHRIST AT HOME AND ABROAD:

George '48 and Alice '45 Birch, 4/1/50. "We had originally expected to sail from New York to Holland and fly from there to Kano, Nigeria. But when another family was unable to make its sailing date, March 28th, on the freighter, S. S. Hopeville, we were given the opportunity to go. Although it will take about six weeks to reach our destination, we are glad to be on our way to the Dark Continent and eager to begin the work to which God has called us. We expect to be at Minna, studying Hausa, the tribal language of northern Nigeria, for about six months before going out to a regular station." Address: c/o Sudan Interior Mission, Minna, N. Nigeria, B. W. Africa.

Robert Rosenau '50 and Mary Frances Kennedy '49 were accepted under Mid-Missions at the February conference in Cleveland, Ohio, to serve in French Equatorial Africa.

Most of our Bryanites are in Nigeria; so we won't be getting together very often. Gwen and Al (Wyllie) were well settled in New Orleans before I left there and we had some pleasant-fellowship. I just missed Alice and George (Birch) at the S.I.M. home in New York."

Helen Gow '48, 4/4/50, from Brussels, Belgium: "The Lord has wonderfully worked out each detail in the preparations for me to come to Brussels for a year of study before going on to the Congo... as we study the French and take the required courses with oral exams in French, we know that the Lord will give the needed strength and wisdom."

Tibbs Maxey ex '34, 3/24/50. Louisville, Ky. "We are exceedingly busy here. I must spend one week out of every four traveling for the college. While I'm here I teach a full load and do a heavy share of the office work. We're very happy in our work."

Summer Wemp ex '45, 3/14/50, Dothan, Ala. "We do think of Bryan often and are hoping to come up there for a visit before school is out...the Lord has surely blessed us here and we hardly know how to praise Him enough. Souls have been saved almost every day for the past three weeks through personal work. The people are really getting a burden and desire for souls to be saved and are praying much. Men and their wives have been saved. . .We surely praise the Lord for leading us to this field and for letting us see some of His marvelous work in saving souls."

Martha Mailander ex '43 Hulings, 3/22/50, Mooresburg, Tenn. "The Lord is so gracious and has been opening for us a new door of service with wider possibilities and so we praise Him and trust His grace that we may enter and possess the land."
